

# A PARADISE BUILT ON A PASSION.

FUWAIRIT

BEACH

Until recently, Fuwairit Kite Beach Tapestry Collection by Hilton is one of the world's best kitesurfing secrets. And now, a lifestyle resort designed and dedicated to everything we love about the kitesurfing way of life.

## EXOTIC YET ACCESSIBLE

An easy hour drive north of Doha; and around an hour and 20 minutes, 120-km from Hamad International Airport.

## PERFECT CONDITIONS

A place where the landscape, topography and wind work in perfect harmony to create consistently ideal conditions for kitesurfing—8 months of the year! The windy season starts in November and goes through until the end of June. The wind range is from 16 to 25 knots throughout the year. In June is the “Shamal Season” which is when we have the strongest wind up to 35 knots. Predominant wind directions are northerly which provide a side to side onshore direction.

## A KITESURFER'S PARADISE

A purpose-built resort designed around the kitesurfer's lifestyle with everything needed on the water and even more off it. This is a place for everyone to enjoy. Kite surfing gears are available for rental at the kite surfing centre couple with non-wind activities on the non-windy days.
